DRAFT

17 January 1975

In anticipation of favorable USIB action on a revised DCID 1/5 we have begun some advanced planning. As you know the contemplated revision creates the position of Special Assistant to the Director of Central Intelligence for Strategic Warning and a Strategic Warning Staff. The latter is to be composed of senior, professional intelligence personnel provided by the USIB departments and agencies. The Defense Intelligence Agency is to provide the facilities.

It is expected that the function and operation of the new staff will differ from that of the present National Indications Center. Although not reflecting on the performance of your current representation in the National Indications Center, you might want to consider replacement at this time in the interest of achieving a fresh start. [Delete preceding sentence in letters to State and Navy.] The attached brief job descriptions outline the positions we would like your nominee or nominees to fill. Assuming USIB approval in the near future, we expect the Staff to become operational on March 3 with the personnel assigned to it serving a one year tour of duty.
